Autumn Term 2025 Spreading my Wings!

Enquiry-Based Learning

Understanding the World

- To explore the local community.
- To use map skills to plan walks.
- To identify seasonal changes and describe what happens during the autumn season.
- To learn about Harvest time and identify what fruit and vegetables are grown in our country.

Mathematics

- To use subitising (recognising a group of a small amount without counting) as a method of finding an amount of a set of objects.
- To explore sorting and matching through size, colour, quantity.

Literacy

- To listen, talk about and enjoy familiar and new stories.
- To use imagination to link their thoughts and ideas.
- To identify the meaning to marks and drawings they make.
- To begin forming recognisable letters.

Termly overviews provide starting points for learning and link to an overall theme. This helps stimulate the children's lines of enquiry, conversations and interests which can then be used to focus learning each week. It would be great if you could incorporate any of what we are doing in school, at home to enhance the children's learning and development.
